

## **PRO-DOOR**

**SHUTTER DOOR SYSTEM**

**THE EXCLUSIVE SHUTTER DOOR SYSTEM FOR THE RAM PROMASTER CARGO VAN**

Promaster shown with optional step bumper

### **Benefits:**

- Eliminates the potential for very expensive door damage due to wind and back-up collision associated with the factory swing open doors.
- Improves efficiencies of high cycle delivery services.
- Eliminates swinging doors open into "traffic areas" improving safety.
- Allows for the installation of inexpensive liftgates vs. very expensive liftgates currently available for use with the factory swing open doors.
